Officers of the Association

| | |
|-----------------|--------------------------|
| President | Christopher Loftus, MD |
| Vice President | Agnieszka Ardelt, MD |
| Secretary | Sepideh Amin-Hanjani, MD |
| Treasurer | Dimitri Krainc, MD |
| Chairman | George Dohrmann, MD, PhD |
| Past President: | David Frim, MD, PhD |
| Past President: | Michael Schneck, MD |

Global Desired Learning Objectives:

At the conclusion of this seminar attendees will have:

- a) Summarize the current state of neurorehabilitation for patients with central nervous system injury or disease
- b) Describe current investigational therapies aimed at improving outcome from spinal cord injury
- c) Discuss the current state, and possible future role, of stem cell transplantation for central nervous system injury or disease
- d) Explain the current state, and possible future, of the field of neuroprosthetics
- e) Discuss emerging ethical issues related to the use of neuroprosthetics in patients

Target Audience:

Neurologists, Neurosurgeons, Emergency physicians, Critical Care physicians, critical care nurses, neuroscience nurses, neuroscience and critical pharmacists, and hospitalists who want expert perspectives on management of critically ill patients with neurological and neurosurgical disease.

ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Chicago Medical Society and the Chicago Neurological Society (CNS). The Chicago Medical Society is accredited by the ACCME to provide continuing medical education for physicians.

The Chicago Medical Society designates this live activity for a maximum of **4.75 AMA PRA Category 1 Credit(s)TM**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The following Chicago Medical Society CME planning members involved with this activity have disclosed that they do not have any relevant financial relationships with commercial interests: Michael Hanak, MD, FAA, Eric A. Eason, MD, Arjang Khorasani, MD, and Vemuri S. Murthy, MD.

The following CNS CME planning members involved with this activity have disclosed that they do not have any relevant financial relationships with commercial interests: Agnieszka Ardelt, MD, PhD, FAHA, Course Director.

*Philip Troyk, PhD has the following commercial disclosures from Sigenics, Inc.
